Confession of Paul Schuhl: his "Bayani" faith is not Bayani, and the Primal Point is a liar according to him

 **Paul**

I am converting towards Tanakh, since it must be in line with Tanakh , and it is universalism , the name can stay

Judaism and the zohar are to be accessible to all people, so preach what I know

Unlike those prophets of the past, it is worth telling the truth to people

Religion is a constant discovery, I discovered the truth in Judaism without being Jewish, bábism helped me understand it. Bayan means explanation from arabic , we can be call Bayanis ,without following Báb and his creed, its came from Bábism but now is not

We can not listen to the prophets who lie, but listen to God in Tanakh, I discovered my own Judaism, without a rabbi, and I will do as God pleases, not people

Bábism contains a lot of erors ,with contradictions with Tanakh, the same islam and christianity

 **Paul**

God has given me the gift of teaching about God to all people and many others that you can't comprehend, even the rabbis don't believe me , but it is taking place and it will happen. You should understand me well I am here for G-d and for non-Jews to teach them the book of zohar . You will have to find what is the purpose of this

I asked Paul Schuhl in his newly renamed "Bayani Faith for everyone" group why does he call his faith "Bayani" when his fundamental theology is much different, and this was his response.

- > its came from Bábism but now is not
- > We can not listen to the prophets who lie
- > Bábism contains a lot of erors

This is the final nail in the coffin for "the prophet who lies", as he unintentionally calls himself.

He has been saying this stuff for some time now just not as brazenly. I called him a **Zionist infiltrator** back in 2021. He is just proving it. But what is hilarious is that he references the Zohar: a text which is way above his head, never mind that much of the Zohar as well as the Kabbalah as a whole is judaized redactions of Islamic

Judaism is more doubtful than the Bayan or any other abrahamic religion will ever be. The Tanakh as in the masoretic text was finally edited and standarized in the abbasid era and it was edited by the rabbinical authorities to remove the more polytheistic sounding parts:
https://en.wikipedia.org/wiki/Tiqqun_soferim
The oldest biblical canon (the Septuagint) is only from 270 BCE, while the rabbinical establishment has been claiming that the revelation in Sinai is 3000 yrs old.

There's absolutely no proof for Judaism other than the Kuzari argument which is in essence the game of the broken phone. A transmission of doctors of the law passing it from one to other, with many temporal disruptions in the chain. Similar to Bakri Rijal.

The oldest forms of ""Jewish Mysticism"" were highly dualistic and also anthropomorphist which denotes the influence of sassanian zoroastrianism and babylonian local cults, to know more read into the following works:
Alan F. Segal, Two Powers in Heaven: Early Rabbinic Reports about Christianity and Gnosticism (Leiden: Brill, 1977).

Daniel Boyarin, "Two Powers in Heaven; Or, The Making of a Heresy," in The Idea of Biblical Interpretation: Essays in Honor of James L. Kugel (ed. Hindy Najman and Judith H. Newman; Leiden: Brill, 2004).

Peter Schäfer. The Hidden and Manifest God: Some Major Themes in Early Jewish Mysticism.

Bar Ilan, M., 1993, 'The Hand of God: A Chapter in Rabbinic Anthropomorphism', in Rashi 1040-1090: Homage a Ephraim E. Urbach, Paris, 331.

The Zohar was written in medieval spain and it denotes a very severe misunderstanding of platonism, pythagoreanism and other gentile philosophical systems:
*'At the start of the emanation, the Ein Sof [Infinite One]...emanated ten Sefirot, which are from His essence, **are one with Him and He and they are all one complete unity**.'*"* - Cordovero, Pardes Rimonim, 4. 4.

Here we see the doctrine of Decatheism implicit in Lurianic Kabbalah, and the clear Neoplatonic Influence is notable in the following quotation:
"The First Created Being, may He be blessed, knows everything by virtue of His essence, for He is everywhere and everything is in Him...and all beings exist through Him by way of emanation and evolvement, and nothing exists outside of Him." - "First Created Being" in Early Kabbalah and its Philosophical Sources (Hebrew) in ead. And Moshe Idel (eds.), *Mehkarim behagut yehudit* (Jerusalem, 1989), 261-276).

Indeed.

Several months ago Paul Szul came here to this subreddit under the alias [u/Civil-Nectarine1630](#) pretending to be an Italian exbahai. I entertained his pretensions knowing full well who he was the whole time. As he progressively got more and more obnoxious on this subreddit, bombarding it with irrelevant posts, I blocked him. He then ran to his handlers crying, [here](#), practically giving himself away in public.

This whole operation by the Haifans and the UU in alliance with the IRI appears to be some kind of low level harassment operation, but it has unraveled. They tried infiltrating, and they failed, in the process giving me legally actionable information. Everyone now laughs at Paul Szul while Szul's main handler - **Hale Dusband** - is himself taken as a laughing-stock and hardly paid any attention to by even the exbahais frequenting that gatekept joke of a subreddit. And, of course, as the IRI has begun its slow-motion implosion into oblivion, Hale Dusband and all of those fools who decided to cooperate with Hamid Farnagh's literary trash of a magazine, **Bahai-Pazhuhi**, are going to have to permanently live with the stigma of having made themselves pawns to the IRI and its ministry of intelligence.

Given all of this, as a rule of thumb, this should settle the matter proving that no white liberal and no white North American liberal organization such as the UU should ever be trusted.

The goal of these USian liberal organizations is basically to taint the quintessence of esotericism and real spirituality with new ageism, what one could call this mcspirituality and falsehoods related to prometheanism and denial of these NON-white traditional systems behind such actual real esoteric traditions by whitewashing them. This "whitewashing" is in reality just a form of "Liberalizing" these creeds or more like americanizing them.

Yes. Husband gave that game completely away in his messaging to Szul and Farnagh. In any case, they haven't gotten anywhere and no one takes them seriously, and esp. Szul who is now widely recognized as a complete freak show.

Rene Guenon and Rudolf Steiner (an odd couple in the world of esotericism) both accused the Theosophical Society and HP Blavatsky of this very thing, i.e. of being imperial agents in order to dilute, control and destroy.
